Instructor list on back.

**\*Special Groups:** Arrange for your group to come 1 time, a full session, once a week, we can meet your needs. Pre-schools, home school, day care, church groups, or families.

**Extra Help:** If at any time your child needs extra help to get started, a parent may join their child's class and assist their child following teacher direction. Instructor permission required. This works, a little extra help in the beginning gives a child "water readiness" and enables them to be in class without a parent.

**Special Needs:** Private Lesson instructor, Amy Mazza will bring joy & talent to your special needs child. Amy has certifications, training, & experience. All levels & experience please call Amy @ 360-421-8512
