Private Lessons

Water Readiness: Each child has their own time-line are getting comfortable in the water and becoming ready to swim. Consistency and patience is very important. If you feel your child needs extra help, please ask your favorite instructor for a private lesson.

Special Olympics: Program will start March 23, Tuesday. Coach Pinky Walker and volunteers will run a great program for our athletes.

***Special Groups:** Arrange for your group to come 1 time, a full session, once a week, we can meet your needs. Pre-schools, home school, day care, church groups, or families. Call Judy Jensen.

Extra Help: If at any time your child needs extra help to get started, a parent may join their child's class and assist their child following teacher direction. Instructor permission required. This works, a little extra help in the beginning gives a child "water readiness" and enables them to be in class without a parent..

Quiet Waters: The pool is open 1:30-2:30 Monday, Wednesday, & Friday. This is a very quiet time to practice your swimming. Side areas open for water walk and play. An excellent time for private lessons.
